CISA (USA), Registered Valuer - IBBI
Independent Director, PNB Housing Fin. Ltd.
Former Independent Director - UBI
Trustee, Balibhadra Foundation (ACCMAN)
Course Founder- PGDM-X

At ACCMAN, we don't just teach Management, we cultivate leaders who think beyond convention, create opportunities and transform challenges into achievements. Here, it's an experience that shapes your mindset, sharpens your instincts and sets your ambition in motion. Your dreams deserve more than direction, they deserve a launchpad.

Step into Excellence, Step into ACCMAN.

DISTINCTIVE EDGE @ACCMAN

6 Reasons this PGDM does not read like every other prospectus

Future-Centric Curriculum

Built at the intersection of core management thinking and the domains rewriting business today — AI, Analytics and sustainability.

Industry-Led Learning Advantage

80% of sessions are delivered by industry experts, while 35% of students are working professionals, enriching the learning experience through real-world perspectives.

Global Immersion and Industry Linkages

International collaborations and live corporate exposure for a genuinely global business mindset.

Three-way Mentorship Model

Guided by faculty, corporate mentors and alumni for 360° professional grooming from day one.

Global Exposure. Global Credentials.

Gain a global business perspective through international collaborations, live corporate exposure, and globally curated certifications that enhance domain expertise.

Experiential. Technology-Driven. Future-Ready

Master business through live projects, case simulations and field immersions, powered by AI-enabled learning tools and industry simulation software on Apple/HP devices

ABOUT PGDM

The PGDM program at ACCMAN Institute of Management is a two-year, full-time, AICTE-approved postgraduate program structured across six trimesters, totaling 120 credits. Aligned with the institute's vision of nurturing ethically grounded, industry-ready, and globally competent leaders, the program integrates academic rigor with experiential learning, focusing on building both conceptual knowledge and real-world capabilities.
